

## PRESS RELEASE

Dec 2025

# Campey Announces 40<sup>th</sup> Anniversary and Two new products at BTME 2026

Campey Turf Care Systems proudly marks its **40th anniversary in 2026**, celebrating four decades of pioneering advancements and dedicated service in the sports turf industry. Founded in 1986 by Richard Campey, the company, based near Macclesfield in Cheshire, has grown from a local family business into a global force, renowned for its commitment to quality, innovation, and best practice in turf care solutions.

To commemorate its 40th anniversary the Company has created a dedicated website: [www.campey40.com](http://www.campey40.com) and will be holding various celebratory events throughout 2026, including a special 40th Anniversary Open Day on Thursday, July 9, 2026. So please save the date and come and join in the fun and festivities – more information will be provided in the New Year.

As well as a selection of Campey's own products, renowned brands such as, Imants, Air2G2, Dakota, Vredo, Koro, BellonMit, and Tines Direct will be on display. We are pleased to announce the addition of two new products to the Campey range.

The first is the VGR TopChanger - the renowned TopChanger uses high pressure water to inject holes into the soil opening the possibility of injecting soil-improving products, fertilisers, and sand directly into the ground.

The second product is the TCT Fairway Trencher – The Trenchit, is a high-quality robust machine, already established by contractors worldwide for reliability, and strength of build. It is purpose-built for golf course drainage, irrigation, and services installation. This PTO-chain trencher has a soil clean-up system that efficiently deposits soil onto a trailer, reducing clean-up time. The machine can easily be converted into a conventional trencher by removing the conveyor, and its 3-point linkage allows quick attachment and detachment for use with other implements.
